

# GIBBINS RICHARDS

At **Gibbins Richards** the health, wellbeing and safety of our customers and our staff is our priority. While we are very much aware and understand our customers being concerned about Covid-19, we want to reassure you that as an organisation, we are monitoring the developing situation extremely closely and we're following all advice issued by the Chief Medical Officer, Public Health England. Current government advice is that basic personal hygiene, i.e. handwashing, is an important part of staying healthy and protecting against the risk of coronavirus (Covid-19). There have been no actual or suspected cases of the coronavirus (Covid-19) at our office premises. If this situation changes, we will act quickly to protect our customers, employees and local communities.

We ask our customers to observe these steps, which are consistent with government advice:

- Please do not come to the office if you are unwell
- Keep your hands clean, wash regularly and thoroughly, for at least 20 seconds with soap and water
- Always carry tissues with you and use them to catch all coughs and sneezes and then bin the tissue – then wash your hands with soap and water, or use a sanitiser
- If you think you may have encountered the virus, please follow the government advice, and self-isolate in the first instance and contact NHS 111 for advice

In the meantime, we are conducting business as usual, so we look forward to seeing you soon and encourage you to ask one of our team members if you have any additional questions. We'll keep you updated as the situation evolves.

  - Have you been advised to self-isolate by NHS 111 or your doctor?

If the answer is yes to any of these questions, a decision will be taken to postpone appointments and rearrange for a later date to ensure the protection of everyone involved at appointment.
